

The Indiana Commission to Combat Drug Abuse

Behavioral Health Division

Comprehensive Community Plan

County: Putnam County

LCC Name: Prevention, Intervention and Education Coalition

LCC Contact: Terry Cohen

Address: 4406 Eagleview Dr

City: Bloomington

Phone: 812-320-8631

Email: tpcohen1@comcast.net

County Commissioners: Attn: Auditor's Office

Address: Putnam County Courthouse

City: Greencastle

Zip Code: 46135

Vision Statement

What is your Local Coordinating Council's vision statement?

The Prevention, Intervention and Education Coalition will promote a world where substance abuse is negated and the overall health of the community is enhanced.

Mission Statement

What is your Local Coordinating Council's mission statement?

P.I.E., standing for Prevention, Intervention, and Education, is a cooperative county-wide effort to reduce the abuse and illegal uses of alcohol, tobacco and other drugs; to implement a comprehensive plan of prevention, intervention, education, treatment.

Membership List

#	Name	Organization	Race	Gender	Category
1	Renee Marsteller	Probation Department	C	F	Justice
2	Linda Merkel	Youth Development Commission	C	F	Prevention
3	Kathleen Glaser	Cloverdale High School	C	F	Education
4	Julia Sutherlin	DePauw University	C	F	Education
5	Justin Long	Prosecutor's Office	C	M	Justice
6	Jamie France	Community Corrections	C	M	Justice
7	Thomas Sutherlin	Greencastle Police Department	C	M	Law Enforcement
8	Theresa Parish	Adult Probation	C	F	Justice
9	Karen Martoglio	Mental Health America	C	F	Prevention
10	Monica Wallace	Hamilton Center	C	F	Treatment
11	Sheila Holloway	Community Representative	C	F	Prevention

LCC Meeting Schedule:

Please provide the months the LCC meets throughout the year:

The PIE Coalition meets on the first Monday of meeting months. Starting in January the LCC meets every other month.

Community Needs Assessment: Results

The first step in developing an effective substance use and misuse reduction plan is to assess your community. A community assessment tells you about your community's readiness to implement prevention, treatment, and justice-related programs to address substance use and misuse. An assessment also provides an overview of the risk and protective factors present in the community, helping your coalition plan more effectively.

Community Profile

County Name: Putnam County
County Population: 37,779
Schools in the community <ul style="list-style-type: none">- Cloverdale Community Schools- North Putnam Community Schools- Greencastle Community Schools- South Putnam Community Schools- Ivy Tech- Area 30- DePaul University
Medical care providers in the community (hospitals, health care centers, medical centers/clinics, etc.) <ul style="list-style-type: none">- Wellness for Life- School District Clinics- Public Health Office- Putnam Co Health- Johnson Nichols Health Clinic- Putnam County Hospital
Mental health care providers in the community (hospitals with psychiatric/behavioral health units, mental health clinics, private/public providers, etc.) <ul style="list-style-type: none">- Hamilton Center- Cummins Behavioral Health- DePauw Mental Health Clinic- Many listed on Psychologytoday.com (by zip code)
Service agencies/organizations <ul style="list-style-type: none">- Lions- Kiwanis- Rotary- VFW- Moose- Eagles- Elks- United Way of Putnam Co- MHAoPC

<ul style="list-style-type: none"> - PCYDC - Putnam County Recovery Coalition - American Legion - Karen mentioned there's 300 registered non-profits in Putnam County, so many others than listed here
<p>Local media outlets that reach the community</p> <ul style="list-style-type: none"> - Banner Graphic – local newspaper - Hoosier Topics – weekly newspaper - WGRE and WREB – radio stations - Channel 2 – public access channel
<p>What are the substances that are most problematic in your community?</p> <ul style="list-style-type: none"> - Methamphetamine - Nicotine - Vape/Tobacco - Alcohol - Marijuana - Opioids
<p>List all substance use/misuse services/activities/programs presently taking place in the community</p> <ul style="list-style-type: none"> - Cummins Behavioral Health - IOP - Putnam County Recovery Coalition - Hamilton Center – IOP - Prime for Life (probation)

Community Risk and Protective Factors

Use the list of risk and protective factors to identify those present in your community. Identify the resources/assets and limitations/gaps that exist in your community related to each. The lists are not all-inclusive and others may apply.

Risk Factors Examples: trauma and toxic stressors; poverty violence; neighborhood characteristics; low neighborhood attachment; community disorganization; community norms and laws favorable toward drug use, firearms, and crime; availability of alcohol and other drugs; weak family relationships; family substance use; peer substance use; mental health problems; families moving frequently from home to home; limited prevention and recovery resources.

Protective Factors Examples: strong family relationships; neighborhood economic viability; low childhood stress; access to health care; access to mental health care; community-based interventions; restricted access to alcohol and other drugs including restrictive laws and excise taxes; safe, supportive, and connected neighborhoods; meaningful youth engagement opportunities; local policies and practices that support healthy norms and child-youth programs; positive connection to adults.¹

¹Risk and protective factors extracted from IUPUI Center for Health Policy Community Conditions Favorable for Substance Use, April 2018.

Risk Factors	Resources/Assets	Limitations/Gaps
1. Availability of AToD (alcohol, tobacco & other drugs) with youth	1. Hamilton center opioid/meth 2. Cummins treatment services 3. State Excise compliance 4. GRASP 5. PAL (Parents of Addicted Loved Ones)	1. Underfunding of enforcement activities 2. Limited awareness of this issue – use within the community 3. No awareness programming relating to this issue for adults
2. Peer substance abuse	1. PIE 2. PAL/NA/AA 3. Teen court/TAP 4. State/local ordinances 5. Support groups	1. Normalization – Perception of approval by community 2. Limited awareness of treatment options 3. Community involvement
3. Limited prevention and recovery opportunities	1. Wrap around services support. 2. School based preventative programs 3. Provision of treatment and counseling services 4. Small number of treatment services	1. Non-Medicaid insurance population 2. Ineffective parenting skills 3. Community involvement limited 4. Stigma relating to substance abuse/mental health
Protective Factors	Resources/Assets	Limitations/Gaps
1. Community engagement	1. Community events – Bainbridge, Roachdale, National Night Out 2. PIE, school corporations 3. Non-profit organizations	1. Rural setting/transportation 2. Stigma/Alienation 3. Isolation
2. Meaningful youth engagement opportunities	1. Prevention, Intervention, Education Coalition 2. School Corp/DePauw	1. Identification of at-risk population 2. Funding for alternative programs

	3. Youth activities – youth sports, 4-H, Faith-based	3. Youth counseling (by mental health providers)
3. Existing laws and local ordinances, addressing illegal substance use	1. Excise police with compliance checks 2. Existing laws and ordinances (that provide ?)	1. Public support of legislative activity 2. Identification of harm reduction activities 3. Adequate funding to enforce current laws

Making A Community Action Plan

Now that you have completed a community assessment and have identified the risk and protective factors that exist, you can develop a plan of action. The Comprehensive Community Plan (CCP) is a systematic and community-driven gathering, analysis, and reporting of community-level indicators for the purpose of identifying and addressing local substance use problems. Identified problems are addressed over a three year period, where a full CCP is submitted to the Indiana Criminal Justice Institute (ICJI) April 1st of year 1, then two updates are submitted on April 1st of years 2 and 3.

Step 1: Create problem statements, and ensure problems statements are in line with statutory requirements

Step 2: Ensure your problem statements are evidence-informed, then prioritize

Step 3: Brainstorm what can be done about each

Step 4: Prioritize your list, and develop SMART goal statements for each

Step 5: List the steps to achieve each goal

Step 1: Create + Categorize Problem Statements

Create problem statements as they relate to each of the identified risk factors.

Risk Factors	Problem Statement(s)
ATOD Availability with youth	<ol style="list-style-type: none">1. Adult and youth are abusing ATOD at unacceptable levels.2. Youth engage in using illegal substances.3. There is a lack of respect for existing laws addressing the use of alcohol, tobacco and other drugs.
Peer substance use leading to the acceptance and use of illegal substances by youth.	<ol style="list-style-type: none">1. Substance use is viewed as normal and acceptable by both youth and adults.2. Peer pressure contributes to use by youth and adults3. There is a lack of understanding on the part of adults and youth regarding the dangers, risks and consequences of substance abuse.
Limited opportunities for prevention and recovery	<ol style="list-style-type: none">1. Putnam County community members lack monetary support to address substance abuse issues.2. There is a lack of awareness of prevention and treatment services within the community.

Step 3: Brainstorm

Consider the resources/assets and limitations/gaps that were identified for each risk factor, and list what actions can be taken for each identified problem statement.

Problem Statements	What can be done (action)?
1. Adult and youth are abusing ATOD at unacceptable levels.	<ol style="list-style-type: none">1. Support/create programs that address parenting, life skills, and isolation that contribute to substance abuse2. Support/create public relations campaigns that address substance abuse3. Effectively engage people in our LCC's to be more impactful.
2. There is a lack of understanding on the part of adults and youth regarding the dangers, risks and consequences of substance abuse.	<ol style="list-style-type: none">1. Collaborate with public safety and local entities in the justice system to decrease easy access.2. Identify population that are most at risk for treatment services with the intent of providing treatment services
3. Treatment services are limited in relation to the substance abuse issues of adults and youth in the community	<ol style="list-style-type: none">1. Advocate state and local legislation/law/ordinances that are allied to PIE goals and objectives addressing ATOD issues.2. Identify at-risk population group with the intent of providing treatment services3. Engage a wider scope and number of medical and treatment providers with the LCC.

Step 4: Develop SMART Goal Statements

For each problem statement, prioritize your list of what can be done. Choose your top two actions for each. Then, develop goal statements that demonstrate what change you hope to achieve and by when you hope to achieve it.

Problem Statement #1: Adult and youth are abusing ATOD at unacceptable levels.
Goal 1: The number of adults and youth entering into the local justice system due to substance abuse issues will decrease by 3% within one year.
Goal 2: The number of adults and youth referred for substance abuse treatment assessments will increase by 5% within one year.
Problem Statement #2: There is a lack of understanding on the part of adults and youth regarding the dangers, risks and consequences of substance abuse.
Goal 1: A minimum of three community based prevention/awareness events will be supported by the PIE Coalition within one year.
Goal 2: The number of youth participating with substance use prevention based programs will increase by 5% within one year.
Problem Statement #3: Treatment services are limited in relation to the substance abuse issues of adults and youth in the community
Goal 1: The number of adults and youth identified as being in need of treatment services will increase by 5% within one year.
Goal 2: Treatment programs supported by the PIE Coalition will increase participation numbers by 5% within one year.

Step 5: Plans to Achieve Goals

For each goal, list the steps required to achieve each

Problem Statement #1	Steps
Goal 1: The number of adults and youth entering into the local justice system due to substance abuse issues will decrease by 3% within one year.	<ol style="list-style-type: none">1. Justice – Support law enforcement and justice initiatives with the provision of materials, equipment and training designed to bring about the reduction of drug abuse.2. Prevention – Support awareness events and community activities that promote increased understanding of law enforcement and judicial responsibilities.

	3. Treatment – Support mental health service providers that provide substance abuse treatment programming.
Goal 2: The number of adults and youth referred for substance abuse treatment assessments will increase by 5% within one year.	<ol style="list-style-type: none"> 1. Justice – support the process of referrals for treatment for individuals identified as vulnerable or high risk for illegal substance abuse. 2. Treatment – Support programming that provides for integrated professional care that addresses the assessment and recovery process. 3. Prevention – Support activities that provide community education enabling supportive families, schools and the community at large concerning substance abuse issues.
Problem Statement #2	Steps
Goal 1: A minimum of three community based prevention/awareness events will be supported by the PIE Coalition within one year.	<ol style="list-style-type: none"> 1. Justice – Support Justice oriented awareness events that promote community awareness of substance abuse issues. 2. Treatment – Support initiatives that increase the communities awareness of treatment options. 3. Prevention – Support prevention and awareness activities that enable supportive families, schools, and the community at large in addressing substance abuse issues.
Goal 2: The number of youth participating with illegal substance use prevention based programs will increase by 5% within one year.	<ol style="list-style-type: none"> 1. Justice – Support Justice oriented awareness events that promote community awareness of substance abuse issues. 2. Treatment – Support initiatives that increase the communities awareness of treatment options. 3. Prevention – Support prevention and awareness activities that enable supportive families, schools, and the community at large in addressing substance abuse issues.

Problem Statement #3	Steps
<p>Goal 1: The number of adults and youth identified as being in need of treatment services will increase by 5% within one year.</p>	<ol style="list-style-type: none"> 1. Justice – Support Justice programs that encourage participation with treatment and intervention programs. 2. Treatment – Support initiatives that increase participation of adults and youth in need of treatment services. 3. Prevention – Support prevention and awareness activities that enable supportive families, schools, and the community at large in addressing substance abuse issues.
<p>Goal 2: The number of treatment programs supported by the PIE Coalition will increase by 2% within one year.</p>	<ol style="list-style-type: none"> 1. Justice – Support the participation of Justice and law enforcement with LCC meetings and activities. 2. Treatment – Support participation by treatment providers with LCC meetings and activities. 3. Prevention – Support increased awareness of treatment programming found within the community.

Fund Document

The fund document allows the LCC to provide finances available to the coalition at the beginning of the year. The fund document gauges an LCC's fiscal wellness to empower their implementation of growth within their community. The fund document also ensures LCCs meet the statutory requirement of funding programs within the three categories of (1) Prevention/Education, (2) Treatment/Intervention, and (3) Criminal Justice Services and Activities (IC 5-2-11-5).

Funding Profile

Amount of funds deposited into the County Drug Free Community Fund from fees collected last year: \$18,885		
Amount of unused funds that rolled over from the previous year: \$10,056		
Total funds available for programs and administrative costs for the upcoming year: \$28,941		
Amount of funds granted the year prior: \$7,000		
How much money is received from the following entities (if no money is received, please enter \$0.00): \$0
